

# **CANOE KAYAK CANADA'S ATHLETE ASSISTANCE POLICY – PARACANOE**

**November 1, 2018 to October 31, 2019**

## **1. PURPOSE AND OBJECTIVES**

The purpose of this document is to define criteria used by Canoe Kayak Canada (CKC) to determine the nominations that will be submitted to Sport Canada for the Athlete Assistance Program (AAP). The target audience for this document are Athletes, and their coaches. This applies to both athletes who now currently access, or, wish to access the program.

Canoe Kayak Canada's AAP objectives for the Paracanoe Discipline are based on Sport Canada's AAP International and National Objectives (*Section 1 and 5 of the Sport Canada AAP Policy and Procedures Document*).

Sport Canada policies, including the Athlete Assistance Program, are designed to support amateur high performance pathway athletes that demonstrate the potential to progress to the Top 8 in the World. The purpose of the AAP is to improve Canadian performances at major international sporting events such as the Olympic/Paralympic Games and the World Championships. The program seeks to do so by relieving some of the financial pressures associated with preparing for, and participating in, international sport.

The proposed ICF 2020 Paralympic Program is as follows:

	200 m
Men	KL1
	KL2
	KL3
	VL2
	VL3

Women	KL1
	KL2
	KL3
	VL2

**Note:** The Sport Canada AAP will only approve Athletes competing in the ICF 2020 Paralympic Program events.

Sport Canada approves nominations in accordance with the AAP policies and the National Sport Organization’s published Carding criteria.

CKC will split the allocated funds in priority order according to the criteria laid out in section 4.

## 4. SPECIFIC CARDING CRITERIA

The following 4 Carding Criteria Priorities constitute the sequential order for nominating eligible Athletes

- Cards will be awarded in a “top down” fashion until the total allocation of cards is exhausted;

**Priority 1:** Allocation of SR1/SR2 Cards;

**Priority 2:** Allocation of Senior National Cards to athletes nominated to the 2018 Paracanoe World Championships who finish in the top ½ of the field;

**Priority 3:** Allocation of Illness, Injury or Pregnancy cards for Athletes who were carded at the SR1 or SR2 criteria and meet the Injury or illness criteria (*This includes pregnancy*);

**Priority 4:** Allocation of Development cards based on the Paracanoe Combined Trials Ranking.

### 4.1 Priority 1: International Cards (SR1/SR2)

- The athlete(s) must have placed in the Top 8 AND Top Half of the competing field in an ICF 2020 Paralympic Program event. An SR1 card takes priority over an SR2 card:
  - **SR1 card:** 2018 Senior World Championships;
  - **SR2 card:** 2017 Senior World Championships;
- Athletes nominated for SR2 need to demonstrate that they are maintaining a training and competition program supervised by the National Discipline Coach and approved by the Head Coach.

### 4.2 Priority 2: Allocation of Paracanoe Senior World Championship Senior Cards

Athletes who are nominated to the 2018 Paracanoe Senior World Championships will be eligible for nomination for Senior Carding if they finish in the top ½ of the field.(See . If the number of eligible Athletes exceeds the number of Cards available, the following process, in priority order, will be used to rank the nominations:

1. World Championship rank: 1<sup>st</sup> beats 2<sup>nd</sup> beats 3<sup>rd</sup>;
2. If there is a tie, the NTT3 ranking list will be used to break the tie.

### 4.3 Priority 3: Allocation of Illness, Injury and Pregnancy Cards

See criteria in Injury and Illness, Section 5.1

### 4.4 Priority 4: Allocation of Development Cards

After exhausting the above priorities, eligible athletes will be nominated according to the Paracanoe Trials Ranking List.

## 5. INJURY, ILLNESS AND PREGNANCY CARDS FOR ICF 2020 OLYMPIC EVENTS

Canoe Kayak Canada will consider nominating Athletes for an injury card in accordance with section 9.1.3 of the Sport Canada AAP policy.

### SR1/SR2 Cards

Canoe Kayak Canada will consider nominating Athletes for an injury card in accordance with section 9.1.3 of the Sport Canada AAP policy.

- 5.1 **A SR1/SR2 or an athlete who was a member of the Senior World Championship or Olympic Team in the previous year**, who at the end of the Carding cycle, has not achieved the standard required for the renewal of Carding status strictly because of health-related reasons, may be considered for re-nomination for the upcoming year provided the following conditions are met:
- 5.1.1 In the case of injury or illness, no Carding nominations will be made for injuries that are determined by CKC to be career-ending;
  - 5.1.2 An Athlete must, immediately following the incident or occurrence, report injuries, a medical condition (including pregnancy) or illnesses in writing and provide a medical certificate to the CTO. The CKC's Chief Medical Officer will assume responsibility for the assessment and management of such injuries, medical conditions<sup>2</sup> or illnesses and for the determination of whether such injuries or illnesses are career-ending;

---

<sup>2</sup> CMO will not be responsible for assuming responsibility for the assessment and management of a pregnancy

5.1.3 If an Athlete competes in a qualifying event, they may not invoke Section 5 in respect to the qualifying event in which he or she competed. The intention of this provision is to ensure that Athletes who are injured, suffering from an illness, or medical condition do not compete, which could cause further ill health, or harm. If an Athlete does compete, they must accept the race result they have achieved;

5.1.4 The Athlete may be nominated for a Senior Card on the grounds of injury, a medical condition (including pregnancy) or illness at the sole discretion of the CTO based on the following factors:

- the number of Cards available;
- the nature and details of the diagnosis and prognosis;
- assessment and training data provided by the Athlete that is verifiable and objective by the discipline coach and IST;
- evidence of the Athlete's level of performance prior to injury;
- the strength of the Athlete's rehabilitation and training plan as evaluated by the CTO in conjunction with the discipline coach;
- the advice of medical experts provided to the CMO; and
- the realistic expectation that the Athlete can return to full fitness and continue to demonstrate the potential to perform at the Top-8 level and progress toward the podium.

- If an Athlete competes in a qualifying event, they may not invoke clause 5.1 in respect to the qualifying event in which he or she competed. The intention of this provision is to ensure that Athletes who are injured, suffering from an illness, or medical condition do not compete, which could cause further ill health, or harm. If an Athlete does compete, they must accept the race result they have achieved;

## **6. PROGRESSION CRITERIA**

A progression criteria will apply to all athletes who are carded. Continued measure of progression is a tool for all stakeholders (coaches, athletes, IST) to ensure that the athlete is best supported in their efforts towards a Top 8/Podium performance at a World Championship or Paralympic Games.

1. An athlete who achieves Senior World Championship nomination criteria will be re-nominated for a Senior Card unless the athlete does not meet the following criteria:
  - a. The athlete has not achieved SR1 card status within 5 years of achieving Senior Card status
  - b. An SR2 athlete has not achieved SR1 status within two competition years following their SR2 nomination (excludes injury nomination years).
2. An athlete may qualify for a Senior Card should they demonstrate Paralympic Qualification standard in the year prior to the Qualification year.
3. A Development Card will be re-nominated for a maximum of six cumulative years following their first nomination.

It may be that the guidelines above do not capture all the scenarios that are consistent with the objectives of ensuring an athlete is progressing toward an SR1 card and ultimately the Paralympic podium. Therefore the HPC reserves the right to consider exceptional circumstances when making nominations to Sport Canada. These nominations will be made in order to ensure that the athletes who show the most potential receive the support available.

## **7. PARACANOE TRIALS RANKING LISTS**

To establish the Paracanoe Trials Ranking List:

- To be considered for a Senior Card nominations there will be two (2) finals for each discipline at NTT1 and NTT3 (Senior World Championship Nomination)
- To be considered for a Development Card Nomination there will be two finals at NTT3 and one Final at Nationals.
- In the event of a tie on the Para Canoe ranking list athletes will also be ranked on their best %Gold Medal Time (GMT). The athlete with the time closest to the GMT will be nominated ;
- Where a tie exists on the %GMT comparison, the athletes will be ranked on their second-best time;
- Where an athlete missed trials due to injury, an athlete would need to be a SR1/SR2 athlete, fulfill the Injury and Illness requirements in Section 5.1, to be approved for exemption by the CTO;

## **8. APPEALS PROCESS**

Appeals of Canoe Kayak Canada AAP nomination/re-nomination decision, or of a Canoe Kayak Canada's recommendation to withdraw carding may be pursued only through Canoe Kayak Canada's review process. This includes an application to the Sport Dispute Resolution Centre of Canada (SDRCC). Appeals of AAP Decision made under Section 6 ([Application for and Approval of Cards](#)) or Section 11 ([Withdrawal of Carding Status](#)) may be pursued through Section 13 of the AAP Policies, Procedures and Guidelines.
