

SENIOR WORLD CHAMPIONSHIP TEAM CRITERIA SUPPLEMENT 2019

Draft 1 – Published on December 11, 2018

INTRODUCTION

1. Performance Objectives

The following 2019 Senior National Team Criteria are guided by CKC's performance objectives where, an athlete/crew demonstrates the ability/potential to make a Top 8 finish in an Olympic event at the International Competition for which they are being considered.

2. Considerations

The following criteria are influenced by the Canadian Olympic Committee deadline requirements for the Lima Pan American Games and the International Canoe Federation Olympic Qualification System.

3. General

These criteria supplements are subject to the principles and procedures as outlined in the National Team Selection Procedures 2019 - Sprint Document found on the CKC Website.

4. Selection Overview

4.1 An athlete / crew can obtain a selection to the 2019 Senior World Championship Team through one of two methods:

4.1.1 2018 Podium Athlete /Crew selection criteria

4.1.2 Discipline Pool selection criteria

4.2 The ICF Olympic Qualification process includes the 2019 Senior World Championships as the first opportunity to earn quotas for their National Olympic Committee. Canada can earn direct quotas by achieving the required position of finish at the World Championships or may be allocated an unused quota based on rank (See ICF Olympic Qualification Procedures:

https://www.canoeicf.com/sites/default/files/2018-10_-_tokyo_2020_-_qualification_system_-_canoe_sprint_-_final.pdf

In order for Canada to be eligible for an unused quota they must be entered in the event. In 2016 the lowest position of finish for which a nation was allocated an unused quota was 12th place (3rd in the B Final). In order to ensure Canada has the opportunity to be awarded an unused quota the Top 8 minimum performance requirement for 2019 is waived and is replaced by demonstrating the potential to reach the B Final at the 2019 Senior World Championships. This only applies to the athlete / crew that wins the nomination through the requirements outlined below in section 6 below. For the purposes of this selection document the demonstration of potential to reach the B Final at the 2019 Senior World Championships is defined as a Top 16 result at a 2019 World Cup selection race in the event that is being contested.

4.3 The 2019 competitions that will be used in the selection of the Team are*:

4.3.1 National Team Trials #1 (NTT1), Montreal, Quebec, May 10-12 (Able and Para)

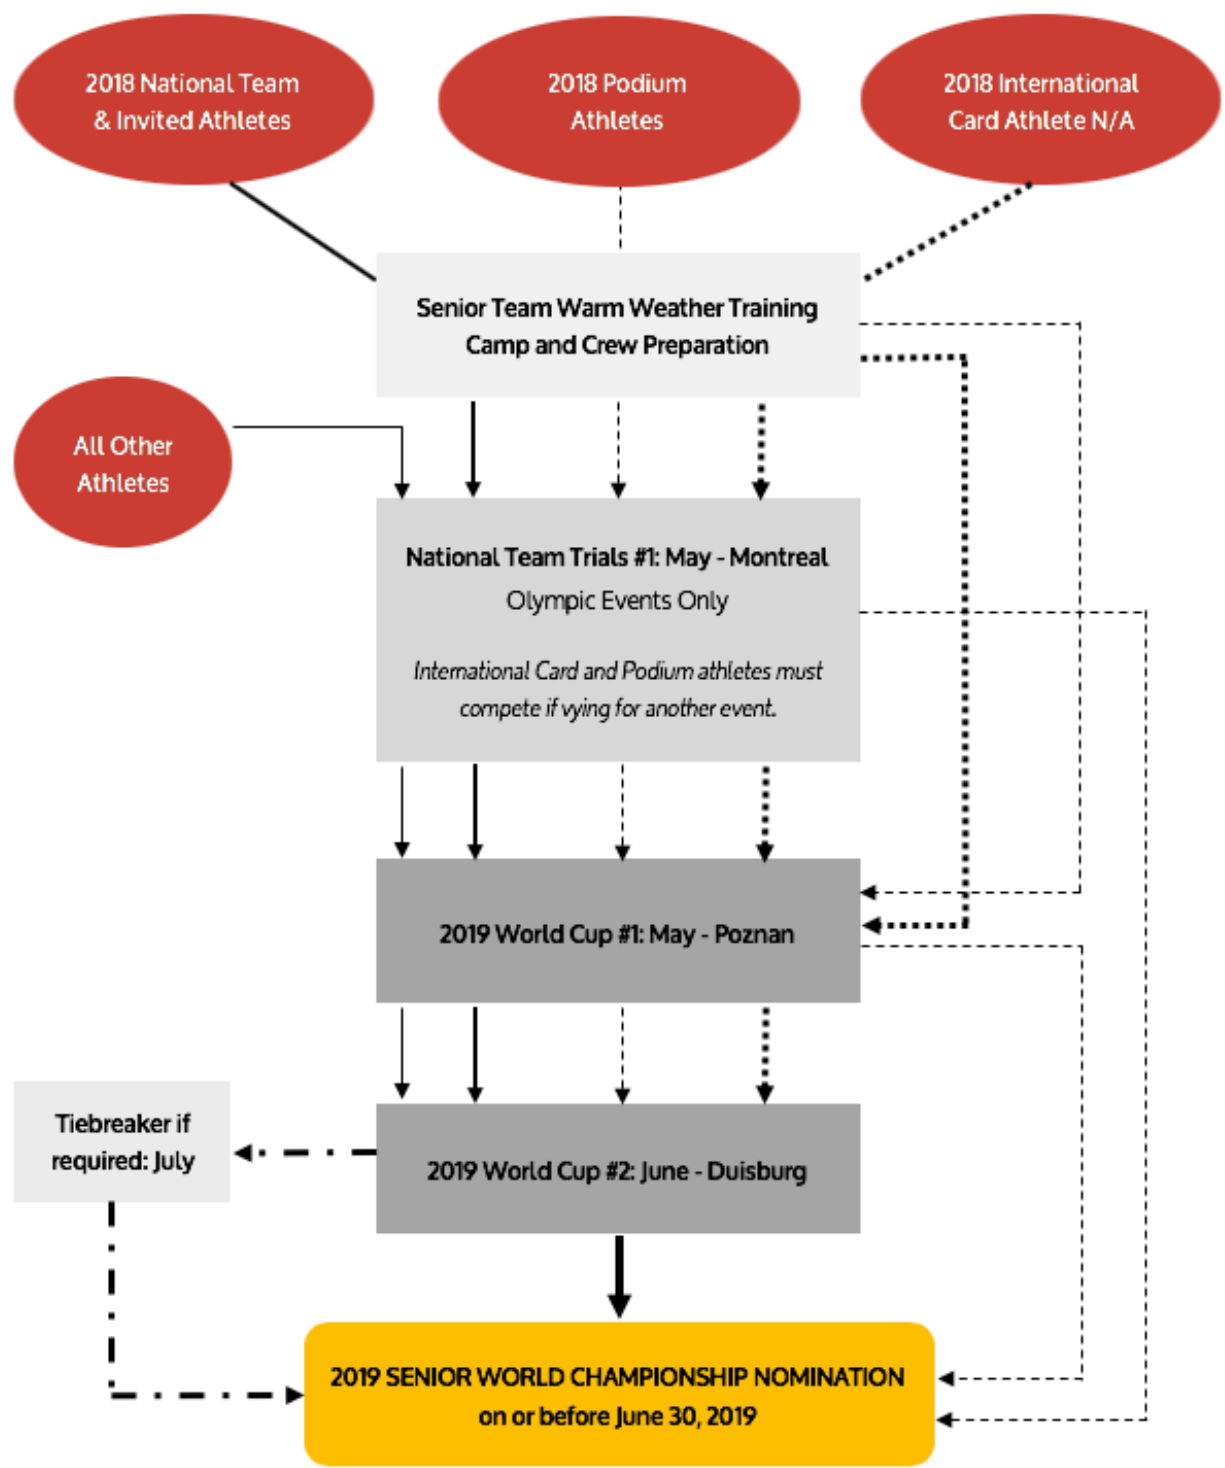

4.3.2 World Cup #1 (WC#1), Poznan, Poland, May 23-26 (Able and Para)

4.3.3 World Cup #2 (WC#2), Duisburg, Germany, May 30-June 2 (Able)

* Please see Discipline Specific Athlete/Crew Selection Criteria for the relevance of the specific competition in the selection process.

4.4 The Senior World Championship Selection process will be completed by June 30th, 2019.

4.5 To assist athletes/crews and coaches, an overview of the selection process is provided below. This chart is an outline of the various paths toward nomination to the Team. The chart is only a guideline and one should review thoroughly the criteria that follows:

5. 2018 Podium Athlete/Crew Selection Criteria

5.1 The following athletes/crews achieved a Podium performance at the 2018 Senior World Championships IN AN OLYMPIC EVENT. These athletes/crews and only these athletes/crews are referred to as a Podium Athlete/Crew.

5.2 Athletes/Crews identified above are not required to attend NTT1 in their Podium event, they will automatically be nominated to the *World Cup Team* and will be allocated the #1 Canada entry at all World Cup Competitions. If a Podium athlete/crew wishes to compete for an event in which they do not hold Podium status, then they must compete at National Team Trials #1 in order to earn an entry in that event on the World Cup Team.

5.3 In order to be nominated to the HPC for inclusion on the Team the Podium Athlete / Crew must achieve the highest position of finish in **one** of the following selection events: NTT1, WC#1, or WC#2. However, if they do not achieve the highest position of finish at NTT1 and WC#1, or if they opt out of NTT1 and do not achieve the highest position of finish at WC#1 and WC#2, then they will no longer be involved in the Podium Athlete / Crew selection process. They may be considered for nomination through the Discipline Pool Selection Criteria. Note: A Podium Athlete / Crew must compete at WC#1.

- 6.8.1 Athlete(s) / Crews who are being considered for a nomination through Discipline Pool Selection in C1/K1, C2/K2 or K4 (Olympic events) are expected to show dominance by being the crew (the crew must be the same in its entirety) with the highest position of finish two times at NTT1, WC#1 and/or WC#2.
- 6.8.2 If the same C1/K1, C2/K2 or K4 has the highest position of finish at NTT1 and WC#1 they will be nominated. (See performance requirement in 4.2)
- 6.8.3 If the C1/K1, C2/K2 or K4 that achieves the highest position of finish at NTT1 does not win WC#1 then the C1/K1, C2/K2 or K4 with the highest position of finish at WC#2 will be nominated. (See performance requirement in 4.2).
- 6.9 Additional athletes may be nominated at the discretion of the Selection Panel if the HC determines the nomination will protect that entry in the event of an injury or illness.
- 6.9.1 Factors that will be considered when assessing the quality of performance can include:
- % time differential from the GMT - An athlete/crew's performance against a Gold Medal Time (see Appendix A)

- % time differential from the AFT - An athlete/crew's performance against an A-Final Time (see Appendix A)
- % time differential from the winner of the A Final
