

2020-21 CKC-SRD CANOE SPRINT ATHLETE ASSISTANCE PROGRAM (AAP) POLICY

November 1, 2020 to October 31, 2021

This version of the CKC AAP criteria supplement was approved on July 28, 2020 and replaces the version approved on February 19, 2020.

CKC-SRD has carefully followed the evolution of the coronavirus (COVID-19) and how it may impact the AAP carding criteria. With the approval of Sport Canada, CKC-SRD reserves the right to modify the published AAP criteria based on the best available information. Any modifications will be made promptly and will be communicated to all affected individuals as soon as possible.

CKC-SRD has determined that a fair and reasonably complete evaluation of the athletes is not possible in advance of the start of the carding cycle on November 1, 2020. This is due to the unforeseen cancellation of competitions relevant to this selection procedure. The following process will be used to determine the nominations of athletes for carding to the AAP the November 1, 2020 to October 31, 2021 carding year.

The following criteria reflects the changes outlined below:

November 1, 2020

- *All 2019-20 carded athletes will be re-nominated for 2020-21, at the same level of funding. Depending on their level of carding and their current Olympic-qualification status, they will initially be nominated for either 12 or 7 months, as follows:*
 - *SR1 – re-nominated at SR2 for 12 months*
 - *SR2 – re-nominated at SR for 12 months*
 - *SR/CI who have not yet secured their spot for the Olympics – re-nominated at SR/CI for 7 months*
 - *Development Card – re-nominated at Development Card for 7 months*
 - *CKC-SRD has secured two additional SR Cards for 12 months as of May 2020 (6 months in 2019-2020 & 6 months in 2020-2021). These cards are allocated according Priority 7 and are targeted toward Tokyo potential only.*

June 30, 2021

- SR initially carded for 7 months who as of June 30, 2021 is nominated to the Olympic Team will receive an additional 5 months (June-October) at the SR level.
- SR initially carded for 7 months who is NOT nominated to the Olympic Team – MAY be eligible for an additional 5 months (June-October) if they meet Priority 4. If not, they MAY be eligible for an additional 5 months (June-October) depending on ranking as per Priority 7. HOWEVER, their carding might stop at 7 months if they are ranked according to Priority 7 and are no longer ranked high enough for their carding to continue.
- C1 initially carded for 7 months who as of June 30, 2021 is nominated to the Olympic Team, will receive an upgrade to a full a SR Card for June – October; if they are not nominated to the Olympic Team, they MAY be eligible for an additional 5 months (June-October) at C1 if they meet Priority 4. They MAY be eligible for an additional 5 months (June-October) depending on ranking as per Priority 7. HOWEVER, their carding might stop at 7 months if they are ranked according to Priority 7 and are no longer ranked high enough for their carding to continue.
- Development Card initially carded for 7 months – if as of June 30, 2021 is nominated to the Olympic Team receives an upgrade to a full SR Card for June – October; if they are not nominated to the Olympic Team, they MAY be eligible for an additional 5 months (June-October) C1 if they meet Priority 4. They MAY be eligible for an additional 5 months (June – October) at the Development Card or the SR level depending on ranking as per Priority 7. HOWEVER, their carding might stop at 7 months if they are ranked according to Priority 7 and are no longer ranked high enough for their carding to continue.
- Athletes NOT Carded in 2019-2020 who are nominated to the Olympic Team will be allocated a SR card (June to October), these “new” athletes receive 7 months of C1 carding, retroactive to November 1, 2020.
- Athletes NOT carded in 2019-20 – MAY be eligible for carding depending on ranking as per Priority 7. If they rank ahead of athletes carded for 7 months, these “new” athletes receive 12 months of carding, retroactive to November 2020 and running through October 2021.

Those athletes who are currently carded who are not nominated to the Tokyo 2020 Olympic Team will have to compete and earn a nomination at a CKC-SRD AAP selection event in June 2021. Please Note: Those athletes who are subject to Progression Criteria who do not make the Tokyo 2020 Olympic Team will not be considered for carding at the June 2021 Selection event.

1. PURPOSE AND OBJECTIVES

The purpose of this document is to define criteria used by Canoe Kayak Canada (CKC) to determine the nominations that will be submitted to Sport Canada for the Athlete Assistance Program (AAP). The target audience for this document are athletes, and their coaches.

Canoe Kayak Canada’s AAP objectives for the Sprint Discipline are based on Sport Canada’s AAP International and National Objectives (Section 1 and 5 of the [Sport Canada AAP Policy and Procedures Document](#)).

Sport Canada policies, including the Athlete Assistance Program, are designed to support amateur high performance pathway athletes that demonstrate the potential to progress to the Top 8 in the World. The purpose of the AAP is to improve Canadian performances at major international sporting events such as the Olympic/Paralympic Games and the World Championships. The program seeks to do so by relieving some of the financial pressures associated with preparing for, and participating in, international sport.

The ICF 2020 Olympic Program is as follows:

	200 m	500 m	1000 m
Men	K1	K4	K1 K2
			C1 C2
Women	K1	K1 K2 K4	
	C1	C2	

Note: The Sport Canada AAP will only approve athlete/crew performances achieved in the ICF Olympic Program events during the selection process.

2. GENERAL INFORMATION AND DEFINITIONS

2.1 Canoe Kayak Canada’s Authority for Decisions

CKC does not grant Carding to Athletes, however, based on the criteria outlined in this document, and AAP policies, the Chief Technical Officer (CTO) will recommend to the High-Performance Committee (HPC) those athletes eligible for nomination for a Sport Canada AAP Card. The HPC is responsible for ensuring that the CTO, has in their nominations, followed the criteria found within this document.

Final approval of all nominations submitted to Sport Canada for Cards is the sole responsibility of the CTO¹. All nominations will then be reviewed and independently

¹ **Note:** In the case of a vacancy in the CKC CTO position, the CEO will appoint a designate to fill the CTO’s role for the purpose of applying the criteria.

approved by Sport Canada. Sport Canada approves nominations in accordance with the AAP policies and the National Sport Organization's published Carding criteria.

2.2 Athlete Eligibility

To be eligible for a Carding nomination, an Athlete must meet all the following requirements:

- A. Must be a current registered member of, and in good standing with, CKC;
- B. Must have participated in the applicable competitions required for Carding purposes (see section 2.3) unless a request for an exemption due to injury, medical condition, or illness is approved, in advance, by the Chief Technical Officer (CTO) – (Section 5);
- C. Must possess Canadian citizenship, or Permanent Resident status, by November 1, 2020, and must satisfactorily demonstrate that he/she will be eligible to compete for Canada in International Canoe Federation (ICF) competitions and the Olympic Games;
- D. Must not be under suspension, or other sanction, for any doping or doping-related offense;
- E. Must sign the Athlete Agreement as required by CKC and/or Sport Canada;
- F. Must otherwise comply with all eligibility requirements set out by Sport Canada in its publication "[Sport Canada Athlete Assistance Program](#)"
- G. Must have met the Specific Criteria set out in Section 4, 5 (where relevant), and 6 (Progression Criteria);
- H. Does not have any outstanding accounts with CKC that are more than 30-days in arrears or are without an approved payment plan;
- I. Carded athletes who are no longer in secondary school must be under the supervision of a National Team Coach. The athlete is required to be in a quality training environment offered at a recognized CKC training center and / or at a training hub approved by the NDC in consultation with the CTO.
- J. Must agree to follow a training program supervised by the National Discipline Coach and submit training data as required by the NDC through the CKC-SRD Training Peaks athlete monitoring software.

2.3 Events for Performance Evaluation

Decisions on Carding nominations will be based upon performances in the following events.

Priority ranking is listed in Section 4:

Type of Card or Performance Level	2021 Continental or World Cup Qualifier	2021 NTT	2020 Olympic Games (July 2021)	2019 Senior World Championships	2020 or 2021 U23 World Championships	2020 or 2021 Jr World Championships
SR1/SR2 Cards	×	×	×	✓ (SR2)	×	×
Senior (SR/C1) Cards	✓	✓	✓	×	×	×
Development (D)	×	✓	×	×	×	×
Evidence of Progression	✓	✓	×	×	×	×

3. FUNDING ALLOCATION

Sport Canada has awarded the Sprint Discipline the equivalent of 30 Senior Cards or \$635,400 in AAP funding for the November 1, 2020 to October 31, 2021 Carding cycle. However due to the evolution of the coronavirus (COVID-19), Sport Canada will provide additional carding support in those cases where unanticipated allocations are required.

The Sport Canada AAP Program provides three types of cards – Senior International, Senior National, and Development – and 2 levels of funding, \$1765 / month for Senior International and Senior National, and \$1060/month for first-year Senior National and Development cards. A Senior International Card is awarded to an athlete who achieves a Top 8 Performance at a Senior World Championships or Olympic Games.

Depending on performances and the Carding history of athletes, CKC will split the allocated funds creating a combination of Senior (SR1, SR2, SR, and C1) and Development (D) Cards.

It should be noted that where an athlete qualifies for both a D card and a Senior National Card, the

athlete will have the choice to decline the Development card in favor of being nominated for a Senior National Card.

Athletes who meet the national criteria for Senior Cards for the first time are normally awarded C1 Cards and are funded at the Development Card level. If, however, the athlete has been previously carded at the SR1 or SR2 level or was named to the Senior World Championship Team or an Olympic Team before meeting the national criteria for the Senior Card for the first time, the athlete will be funded at the Senior National Card (SR) level rather than at the Development Card level.

4. SPECIFIC CARDING CRITERIA

The following priorities constitute the sequential order for nominating eligible athletes until there are no funds remaining.

In the event that there are insufficient funds to award a Development or Senior Card to all athletes within each of the priorities 4.1 to 4.6 below then an Assessment will be conducted amongst the athletes in the relevant Priority to determine a Performance Rank. See 4.7.2 below.

Please note that athletes considered for nomination as a Senior National Card under Priorities 2, 4, 6, 7 may also be subject to Progression Criteria (See Section 5 for details).

4.1 Priority 1: Senior International Cards (SR1/SR2)

The crew must have placed in the Top 8 AND Top Half of the competing field:

- ~~SR1 card: 2020 Olympic Games; Not Applicable~~
- **SR2 card:** 2019 Senior World Championships in an Olympic event;

Athletes will be nominated as an SR2 card if they are maintaining a training and competition program supervised by the National Discipline Coach.

4.2 Priority 2: Allocation of 2020 Olympic Team Senior National Cards

Crews who are nominated and approved by the COC to the Tokyo 2020 Olympic Team.

4.3 Priority 3: Allocation of Illness, Injury and Pregnancy Cards for SR1/SR2/SR Athletes

See criteria in Injury and Illness, Section 6.1.

4.4 Priority 4: Continental Qualifier or Global Qualifier World Cup

Athletes who compete for Canada at the 2021 Continental Qualifier (Olympic Qualification events only) or the Global Qualifier Barnaul World Cup but are not nominated to the 2020 Olympic Team will be eligible for nomination as a Senior Card. Note: Athletes may be subject to progression criteria (See section 5 for details).

4.5 ~~Priority 5: Allocation of U23 World Championship Team Podium Senior National Cards~~

U23 eligible Athletes who achieve a Podium Performance in an ICF 2024 Olympic Program event at the 2020 U23 World Championships will be eligible for nomination as a Senior National Card. **Not Applicable**

4.6 ~~Priority 6: Allocation of Junior World Championship Podium Performance Based Development Card~~

Junior eligible Athletes who achieve a Podium Performance in an ICF 2024 Olympic Program event at the 2020 Junior World Championships will be eligible for a nomination as a Development Card. **Not Applicable**

4.7 Priority 7: Allocation of Remaining Cards

For those athletes who are not already carded through Priorities 1-4 above, the allocation of the remaining Senior National and Development cards will be determined according to a National Rank and a Performance Rank.

The athlete with the highest National Rank on each discipline ranking list will be assessed to determine a Performance Rank. The athlete with the highest performance rank will be nominated for a Senior National Card.

Following the nomination of the first Senior National Card described above the U21 athlete with the highest National Rank on each discipline ranking list will be assessed to determine a performance rank. The athlete with the highest performance rank will be nominated for a U21 Development Card.

Exception: If the athlete with the highest U21 performance rank is also the athlete with the highest National Rank (including seniors in the same discipline) and has the highest Performance Rank across disciplines then the athlete will be offered a Senior National Card. If the athlete accepts the Senior National Card the next U21 athlete with the highest National Rank and Performance Rank amongst U21 athletes will be nominated as a Development Card. If the athlete declines the Senior National Card, then the next athlete with the highest national rank and performance rank amongst all athletes (U21 and Senior) will be nominated for a Senior National Card.

The process of alternating from Senior National Card to Development Card assessment will continue until no funding remaining.

4.7.1 National Rank

4.7.1.1 Your National Rank will be based on the following ranking lists:

- Men's Kayak 1000m
- Men's Kayak 200m

- Women's Kayak 500m
- Women's Kayak 200m
- Women's Canoe 200m
- Men's Canoe 1000m

4.7.1.2 All athletes will compete in open events (combined senior and junior) to establish an overall National Rank for each event identified in 4.7.1.1 above.

The ranking list will be calculated by adding the points achieved at NTT.

4.7.1.3 Athletes who are nominated to the Olympic Team will not be at NTT and therefore each Olympic Team athlete will be allocated points according to their position of finish at Olympic Team Trials (OTT). Athletes who compete at NTT will score points as if the Olympic team is present and recorded the same position of finish. Example A: Athletes named to the Olympic Team finish 1st through 6th at OTT, therefore the winner of NTT would score 7th place points. Example B: 1st through 4th and 6th are selected to the Olympic Team therefore if the 5th place finisher is also the 1st place finisher at NTT then they would score 5th place points. All other athletes in this scenario would score 7th place points or lower depending on their position of finish at NTT.

4.7.1.4 Points will be applied to the position of finish with 1st place scoring 18 points, 2nd place 17 points, 3rd place 16 points, and so on. Athletes will be ranked according to the points achieved.

4.7.1.5 Only results from the A or B final at any trials will be used. Race-off results related to team selections will not be considered.

4.7.2 Performance Rank

Athlete's will also be ranked according to an assessment of performance. This performance rank will be used to determine a rank between two athletes within a discipline and between disciplines.

4.7.2.1 Factors assessing the quality of performance can include:

- International Results
- % time differential from the GMT - An athlete/crew's performance against a Gold Medal Time (see Appendix A)
- % time differential from the Winner
- % time differential from the previous finisher
- Performance Progression (See Section 5)
- Injury, Illness and Pregnancy (See Section 6)
- Unforeseen Circumstances (See Section 7)

These factors are in no particular order and one or more may be used to either support or dismiss a selection. Other factors not listed may also be considered.

Should a tie breaker be required the athlete with the best international performance will be nominated. If a tie breaker is still required, the athlete with the smallest % time differential from the GMT will be used.

5 PROGRESSION CRITERIA

5.1 Athletes can retain Senior (SR or C1) card status for a maximum of four years total (excludes the U21 Category), by the end of which SR1/SR2 card status should have been attained. This may be extended if an athlete is demonstrating improvement towards SR1/SR2 status and, after a thorough review (Conducted by the CTO), is recommended by CKC and approved by Sport Canada. Any extension would be for a one-year period only.

6 INJURY, ILLNESS AND PREGNANCY CARDS FOR ICF OLYMPIC EVENTS

Canoe Kayak Canada will consider nominating Athletes for an injury card in accordance with section 9.1.3 of the Sport Canada AAP policy.

6.1 A SR1/SR2 or a Senior National Card athlete who was a member of the Senior World

Championship or Olympic Team in the previous year, who at the end of the Carding cycle, has not achieved the standard required for the renewal of Carding status strictly because of health-related reasons, may be considered for re-nomination for the upcoming year provided the following conditions are met:

- 6.1.1 An Athlete must, immediately following the incident or occurrence, report injuries, a medical condition (including pregnancy) or illnesses in writing and provide a medical certificate to the CTO. The CTO will assume responsibility for the assessment and management of such injuries, medical conditions or illnesses and for the determination of whether such injuries or illnesses are career-ending;
- 6.1.2 In the case of injury or illness, no Carding nominations will be made for injuries that are determined by the CTO in consultation with medical professionals to be career-ending;
- 6.1.3 If an Athlete competes in a qualifying event, they may not invoke Section 6 in respect to the qualifying event in which he or she competed. The intention of this provision is to ensure that Athletes who are injured, suffering from an illness, or medical condition do not compete, which could cause further ill health, or harm. If an Athlete does compete, they must accept the race result they have achieved;
- 6.1.4 The Athlete may be nominated for a Senior Card on the grounds of injury, a medical condition (including pregnancy) or illness at the sole discretion of the CTO based on the following factors:

- the number of Cards available;
- the nature and details of the diagnosis and prognosis;
- assessment and training data provided by the Athlete that is verifiable and objective by the discipline coach and IST;
- evidence of the Athlete's level of performance prior to injury;
- the strength of the Athlete's rehabilitation and training plan as evaluated by the CTO in conjunction with the discipline coach;
- the advice of medical experts provided to the CTO; and
- the realistic expectation that the Athlete can return to full fitness and continue to demonstrate the potential to perform at the Top-8 level and progress toward the podium.

7 UNFORESEEN CIRCUMSTANCES

These criteria are intended to apply where fair racing conditions exist. Situations may arise where unforeseen circumstances or circumstances beyond CKC's control do not allow racing or team/crew selection to take place in a fair manner or in the best interests of the priorities and general principles for selection as indicated in these criteria; or do not allow the procedure for nomination as described in this document to be applied.

In the event of such unforeseen circumstances as determined by CKC staff, the CTO will, where possible, consult with the HC and the HPC to determine if the circumstances justify racing or selection should take place in an alternative manner. The CTO will determine whether to allow racing or selection to take place so that the priorities and general principles of selection as indicated in these criteria and the nomination procedure as described in this document may be applied in a fair and just manner.

8 APPEALS PROCESS

Appeals of Canoe Kayak Canada AAP nomination/re-nomination decision, or of a Canoe Kayak Canada's recommendation to withdraw carding may be pursued only through Canoe Kayak Canada's review process. This includes an application to the Sport Dispute Resolution Centre of Canada (SDRCC). Appeals of AAP Decision made under Section 6 (Application for and Approval of Cards) or Section 11 (Withdrawal of Carding Status) may be pursued through Section 13 of the [AAP Policies, Procedures and Guideline](#).
