13.	SENIOR NATIONAL TEAM INTERCLASS RANKING SYSTEM	9

1. COVID-19 REVISIONS

This version of the CKC AAP criteria supplement was approved on September 22, 2020 and replaces the version approved on February 4, 2020.

CKC has carefully followed the evolution of the coronavirus (COVID-19) and how it may impact the AAP carding criteria. With the approval of Sport Canada, CKC reserves the right to modify the published AAP criteria based on the best available information. Any modifications will be made promptly and will be communicated to all affected individuals as soon as possible.

CKC has determined that a fair and reasonably complete evaluation of the athletes is not possible in advance of the start of the carding cycle on November 1, 2020. This is due to the unforeseen cancellation of competitions relevant to this selection procedure. The following process will be used to determine the nominations of athletes for carding to the AAP the November 1, 2020 to October 31, 2021 carding year.

1.1. *November 1, 2020 AAP Nominations*

All 2019-20 carded athletes who satisfy the Paddler Eligibility Criteria will be re-nominated for 2020-21, at the same level of funding. Depending on their level of carding and their current Olympic-qualification status, they will initially be nominated for either 12 or 7 months, as follows:

- Athletes carded at the SR/C1 level in the 2019-20 carding cycle who have secured their spot for the Olympics will be re-nominated at SR/C1 for 12 months.
- Athletes carded at the SR/C1 level in the 2019-20 carding cycle who have not yet secured their spot for the Olympics will be re-nominated at SR/C1 for 7 months.
- Athletes carded at the Development Card level in the 2019-20 carding cycle will be re-nominated at Development Card for 7 months.

1.2. *June 1, 2021 AAP Nominations*

- Athlete(s) initially carded at the SR/C1 level for 7 months who as of June 1, 2021 is/are selected to the Olympic Team will receive an additional 5 months (June-October) at the SR level.
- Athlete(s) initially carded at the SR/C1 level for 7 months who is/are NOT nominated to the Olympic Team - MAY be eligible for an additional 5 months (June-October) if they meet Priority 4. If not, they MAY be eligible for an additional 5 months (June-October) depending on their ranking as per Priority 6. HOWEVER, their carding might stop at 7 months if they are no longer ranked high enough for their carding to continue according to Priority 6.
- Athletes NOT carded in 2019-20 - MAY be eligible for carding depending on their ranking as per Priority 6. If they rank ahead of athletes carded for 7 months, these “new” athletes will be nominated for 12 months of carding, retroactive to November 1, 2020 and running through October 31, 2021.

2. PURPOSE AND OBJECTIVES

The purpose of this document is to define criteria used by Canoe Kayak Canada (CKC) to determine the nominations that will be submitted to Sport Canada for the Athlete Assistance Program (AAP). The target audience for this document are paddlers and their coaches. This applies to both paddlers who currently access, or wish to access, the program.

Canoe Kayak Canada's Carding Criteria objectives are based on "[Sport Canada's Athlete Assistance Program - Policies and Procedures](#)".

Sport Canada policies, including the Athlete Assistance Program, are designed to support amateur high performance pathway paddlers that demonstrate the potential to progress to the Top-8 in the world in an Olympic event. The purpose of the AAP is to improve Canadian performances at major international sporting events such as the Olympic/Paralympic Games and the World Championships. The program seeks to do so by relieving some of the financial pressures associated with preparing for, and participating in, international sport.

The ICF 2020 Canoe Slalom Olympic Program is as follows:

Men	K1	C1
Women	K1	C1

Note: Sport Canada will only approve paddler carding recommendations based on performance(s) achieved in events included in the 2020 Canoe Slalom Olympic program.

3. GENERAL INFORMATION AND DEFINITIONS

3.1. *Canoe Kayak Canada's Authority for Decisions*

CKC does not grant carding to paddlers, however, based on the criteria outlined in this document, and AAP policies, the Chief Technical Officer (CTO) will recommend to the Canoe Slalom High Performance Committee (HPC) those paddlers eligible for nomination for a Sport Canada AAP Card. The HPC is responsible for approving and for ensuring that the CTO, has in their nominations, followed the criteria found within this document.

Final approval of all nominations submitted to Sport Canada for cards is the sole responsibility of the CTO¹. All nominations will then be reviewed and independently approved by Sport Canada. Sport Canada approves nominations in accordance with the AAP policies and Canoe Kayak Canada's published carding criteria.

¹In the case of a vacancy in the CKC CTO position, the HPC will appoint a designate to fill the CTO's role for the purpose of applying the criteria.

3.2. Paddler Eligibility

To be eligible for Carding nomination, a paddler must meet all the following requirements:

- 3.2.1. Must be a current registered member of, and in good standing with, CKC;
- 3.2.2. Must have participated in the appropriate competitions required for carding purposes (see [Events for Performance Evaluation](#)) unless a request for an exemption due to injury, medial condition, or illness is approved, in advance, by the Chief Technical Officer (CTO) - ([See Injury Illness or Pregnancy Card Criteria](#));
- 3.2.3. Must possess Canadian citizenship, or Permanent Resident status, by November 1st, 2019, and must satisfactorily demonstrate that he/she will be eligible to compete for Canada in International Canoe Federation (ICF) competitions and the Olympic Games;
- 3.2.4. Must not be under suspension, or other sanction, for any doping or doping-related offense;
- 3.2.5. Must sign the Athlete Agreement as required by CKC and/or Sport Canada;
- 3.2.6. Must otherwise comply with all eligibility requirements set out by Sport Canada in its publication "[Sport Canada’s Athlete Assistance Program - Policies and Procedures](#)";
- 3.2.7. Must satisfy the appropriate [Progression Card Criteria](#);
- 3.2.8. Must have met the specific [International Card Criteria](#), [National Card Criteria](#) or [Development Card Criteria](#);
- 3.2.9. Does not have an outstanding account(s) with CKC that are more than 30-days in arrears or are without and approved payment plan;
- 3.2.10. Carded paddlers who are no longer in secondary school must be under the supervision of a National Team Coach. The paddler is required to be in a quality training environment at a CKC training centre and/or a training hub approved by the CTO.

3.3. Events for Performance Evaluation

Decisions on Carding nominations will be based upon performance(s) in Olympic events at the following events or ranking systems. Only the events and ranking mechanisms listed in the table below will be considered eligible for assessing a paddler’s performance and progression. The prioritization of carding nominations is described in Section 5.

Event	International Cards (SR1/SR2)	National Cards (SR/C1)	Development Cards (D)
2021 National Team Trials Ranking	x	✓	✓
2020 Tokyo Internal Nomination Procedure	x	✓	x

4. FUNDING ALLOCATION

Sport Canada has awarded the Canoe Slalom High Performance Program the equivalent of six Senior Cards or \$127,080 in AAP funding for the November 2020 to October 2021 Carding Cycle. However due to the evolution of the coronavirus (COVID-19), Sport Canada will provide additional carding support in those cases where unanticipated allocations are required. The Sport Canada AAP Program provides the following four types of cards

Card Type	Monthly Stipend
International Cards (SR1/SR2)	\$1765/month
National Cards (SR)	\$1765/month
First year National Cards (C1)	\$1060/month
Development Cards (D)	\$1060/month

Eligible paddlers will be nominated to Sport Canada according to the prioritization system described in Section 5 of this document. It should be noted that where a paddler qualifies for both a D card and a Senior National Card, the paddler will have the choice to decline the Development card in favor of being nominated for a Senior National Card.

Paddlers who meet the national criteria for Senior Cards for the first time are normally awarded C1 Cards and are funded at the Development Card level. If, however, the paddler has been previously carded at the SR1 or SR2 level or was named to the Senior World Championship Team or an Olympic Team before meeting the national criteria for the Senior Card for the first time, the paddler will be funded at the Senior National Card (SR) level rather than at the Development Card level.

5. PRIORITIZATION OF CARDING NOMINATIONS

The following priorities constitute the sequential order for nominating eligible paddlers until there are no funds remaining. Eligible paddlers will be ranked according to the following prioritization system to determine the carding recommendations. Cards will be awarded in a top-down fashion until the total allocation of cards is exhausted.

PRIORITY 1	Paddlers eligible for SR1/SR2 cards who meet the Performance Benchmarks identified under International Card Criteria
PRIORITY 2	Paddlers carded the previous year at SR1 or SR2 and who meet the Injury, illness, or Pregnancy Card Criteria .
PRIORITY 3	Paddlers eligible for SR or C1 cards who are nominated and approved by the COC to the Tokyo 2020 Olympic Team.
PRIORITY 4	Paddlers eligible for SR or C1 cards who meet the Senior World Championships Performance Standard and are selected to compete at the 2021 World

	Championships. Eligible paddlers will be ranked and prioritized in a top-down fashion based on their placement in the Senior National Team Trials Interclass Ranking System .
PRIORITY 5	Paddlers carded the previous year at SR or C1 who meet the Injury, illness, or Pregnancy Card Criteria .
PRIORITY 6	Paddlers eligible for D cards who meet the Senior National Team Performance Standard and are selected to compete at the 2021 World Cup. Eligible paddlers will be ranked and prioritized in a top-down fashion based on their placement in the Senior National Team Trials Interclass Ranking System .

6. INTERNATIONAL CARD CRITERIA

Due to the postponement of the 2020 Olympic Games no paddlers will be eligible for SR1 nominations. Paddlers who achieved the International Card Performance Standard at the event listed in the table below will be eligible for carding support provided there are sufficient carding quotas available. The card for the first year is referred to as an SR1, while the second-year card is referred to as an SR2. The second year of carding is contingent on the paddler maintaining a training and competitive program that is approved by the Slalom International Coach.

6.1. *Priority 1: Top-8 at Senior World Championships*

International Card Performance Standard
Paddlers who finish Top-8 in final standings and top-half of the competitive field at the 2019 World Championships

6.2. *Priority 2: International Card Injury Criteria*

Paddlers carded the previous year at SR1 or SR2 and who meet the [Injury, illness, or Pregnancy Card Criteria](#)

7. NATIONAL CARD CRITERIA

After the application of all eligible carding nominations based on the [International Criteria](#), any remaining AAP funding may be allocated as SR or C1 cards in a top-down fashion to eligible paddlers according to the National Card Prioritization Procedures. The SR nomination is contingent on the paddler maintaining a training and competitive program that is approved by the Slalom International Coach.

7.1. *Priority 3: Selection to the 2020 Tokyo Team*

Paddlers eligible for SR or C1 cards who are nominated and approved by the COC to the Tokyo 2020 Olympic Team.

7.2. Priority 4: Selection to the 2021 Senior World Championships

Paddlers eligible for SR or C1 cards who meet the Senior World Championships Performance Standard at the 2021 National Team Trials and are selected to the Senior National Team to compete at the 2021 World Championships. Eligible paddlers will be ranked and prioritized in a top-down fashion based on their placement in the [Senior National Interclass Ranking System](#).

7.3. Priority 5: National Card Injury Criteria

Paddlers carded the previous year at SR or C1 who meet the [Injury, illness, or Pregnancy Card Criteria](#).

8. DEVELOPMENT CARD CRITERIA

After the application of all eligible carding nominations based on the [International Card Criteria](#) and [National Card Criteria](#), any remaining AAP funding will be allocated as Development Cards in a top-down fashion to eligible paddlers according to the Development Card Prioritization Procedures.

8.1. Priority 6: Selection to the 2021 World Cups

Paddlers eligible for Development cards who meet the Senior National Team Performance Standard and are selected to compete at the 2021 World Cup. Eligible paddlers will be ranked and prioritized in a top-down fashion based on their placement in the [Senior National Team Trials Interclass Ranking System](#).

9. PROGRESSION CRITERIA

9.1. Senior Card Progression Criteria

- 9.1.1. All paddlers are expected to make progress in their results to maintain carding status. Normally, seven years is the maximum that a paddler will be carded at the senior level (SR or C1) based on the [National Card Criteria](#).
- 9.1.2. If a paddler, who has reached the maximum number of years for support is nominated for a Senior Card based on [National Card Criteria](#), the paddler's year-to-year improvement, progression toward the [International Card Criteria](#) and future potential will be reviewed by the CTO.
- 9.1.3. This seven-year period may be extended if a paddler is demonstrating improvement towards SR1/SR2 status, and after a thorough review (Conducted by the CTO), is recommended by CKC and approved by Sport Canada.
- 9.1.4. Paddlers who are nominated to the 2020 Olympic Games Team will not be subject to a Progression Criteria review and may be recommended by CKC for an additional year of SR carding.

9.2. Development Card Progression Criteria

A paddler who otherwise satisfies the [Development Card Criteria](#) will only be re-nominated for a D card according to the following guidelines:

- 9.2.1. A Senior paddler who is no longer U23 eligible can be nominated for a D card for a maximum of **2 years** after which point, the paddler must meet the [National Card Criteria](#) or [International Card Criteria](#) to be re-nominated for carding.
- 9.2.2. A Senior paddler who is no longer U23 eligible that was previously carded at the Senior Card level (C1, SR, SR1, SR2) cannot be nominated for a D card.
- 9.2.3. A U23 eligible paddler can be nominated for a D card for a maximum of **4 years** after which point, the paddler must meet the [National Card Criteria](#) or [International Card Criteria](#) to be re-nominated for carding.
- 9.2.4. A U23 eligible paddler previously carded at the Senior Card level (C1, SR, SR1, SR2) can be nominated for a D card for an additional **2 years** after which point, the paddler must meet the [National Card Criteria](#) or [International Card Criteria](#) to be re-nominated for carding.

10. INJURY, ILLNESS OR PREGNANCY CARD CRITERIA

Canoe Kayak Canada will consider nominating paddlers for an injury card in accordance with section 9.1.3 of the Sport Canada AAP policy and the criteria and procedures.

A SR1/SR2 or a Senior National Card paddler who was a member of the Senior World Championship or Olympic Team in the previous year, who at the end of the Carding cycle, has not achieved the standard required for the renewal of Carding status strictly because of health-related reasons, may be considered for re-nomination for the upcoming carding cycle provided that the following conditions are met:

- 10.1. The paddler must, immediately following the incident or occurrence, report injuries, a medical condition (including pregnancy) or illnesses in writing and provide a medical certificate to the CTO. The CTO will assume responsibility for the assessment and management of such injuries, medical conditions or illnesses and for the determination of whether such injuries or illnesses are career-ending;
- 10.2. In the case of injury or illness, no carding nominations will be made for injuries that are determined by the CTO in consultation with medical professionals to be career-ending;
- 10.3. If a paddler competes in a qualifying event(s) while injured or ill, they must accept the race result(s) that they have achieved, and they may not invoke their injury or illness as a justification for not achieving superior results and/or results that may have allowed them to otherwise be nominated for carding under the standard nomination procedures. The intention of this provision is to ensure that paddlers who are injured, suffering from an illness, or medical condition do not compete, which could cause further ill health, or harm. However, the paddler may still be nominated for an injury card pursuant to Section 9.4 below;²
- 10.4. A paddler may be nominated for a Senior Card on the grounds of injury, illness or pregnancy at the sole discretion of the CTO based on the following factors and according to the prioritization of carding nominations described in Section 5 of this document:

² The intention of this provision is to ensure that paddlers who are injured, suffering from an illness, or medical condition do not compete, which could cause further ill health, or harm.

- 10.4.1. the number of Cards available;
- 10.4.2. the nature and details of the diagnosis and prognosis;
- 10.4.3. assessment and training data provided by the paddler that is verifiable by the paddler's coach and IST;
- 10.4.4. evidence of the paddler's level of performance prior to injury;
- 10.4.5. the strength of the paddler's rehabilitation and training plan as evaluated by the CTO in conjunction with the paddler's coach;
- 10.4.6. the advice of medical experts provided to the CTO;
- 10.4.7. the paddler has previously demonstrated the potential to achieve a Top-8 international-level performance; and
- 10.4.8. a reasonable expectation that the paddler can, after a return to full fitness and continue to demonstrate the potential to perform at the top-8 level and progress toward the podium.

11. UNFORESEEN CIRCUMSTANCES

These criteria are intended to apply where fair racing conditions exist. Situations may arise where unforeseen circumstances or circumstances beyond CKC's control do not allow racing or team/crew selection to take place in a fair manner or in the best interests of the priorities and general principles for selection as indicated in these criteria; or do not allow the procedure for nomination as described in this document to be applied.

In the event of such unforeseen circumstances as determined by CKC staff, the CTO will, where possible, consult with the Slalom High Performance Manager and the HPC to determine if the circumstances justify racing or selection should take place in an alternative manner. The CTO will determine whether to allow racing or selection to take place so that the priorities and general principles of selection as indicated in these criteria and the nomination procedure as described in this document may be applied in a fair and just manner.

12. APPEALS PROCESS

Appeals of Canoe Kayak Canada AAP nomination/re-nomination decision, or of a Canoe Kayak Canada's recommendation to withdraw carding may be pursued only through Canoe Kayak Canada's review process. This includes an application to Sport Dispute Resolution Centre of Canada (SDRCC). Appeals of AAP Decision made under Sport Canada's AAP Policy Section 6 (Application for and Approval of Cards) or Section 11 (Withdrawal of Carding Status) may be pursued through Section 13 of the "[Sport Canada Athlete Assistance Program - Policies and Procedures](#)".

APPENDIX

13. SENIOR NATIONAL TEAM INTERCLASS RANKING SYSTEM

13.1. The three best interclass percentage scores from the four national selection races for each paddler will be used to determine Senior National Team Trials Interclass Ranking for all paddlers who compete in the four selection race runs. The selection races runs will include selection race runs # 1, 2, 3, and 4. The Senior National Interclass Ranking will provide an average adjusted interclass score for each paddler after the application the interclass coefficient. As a result, it allows for comparison between the classes on an absolute basis.

13.2. The following interclass adjustment ranking coefficients are as follows:

Event	Interclass Ranking Coefficient
K1M	1.00
K1W	1.13
C1M	1.06
C1W	1.26

13.3. The Senior National Team Trials Interclass Ranking will be determined by averaging the best 3 of 4 adjusted interclass percentage scores. The paddler with the lowest total is ranked ahead of the second lowest, and so on.

13.4. The rankings will be compiled by CKC staff and verified by the HPC and published after the completion of the national selection races.

13.5. All ties for ranking will be broken and won by the better competitor at the last race. (i.e., Senior Team Trials race #4, #3, #2, and then #1).
